

## INFORMATION RE SHC PATHWAYS FOR BRUNSSUM PAR

### Wesel

Wesel, Germany is home to the NATO Signals Brigade who is based at Schill Kaserne, Bocholter Strasse Wesel. Wesel is approximately 142 KM from JFC Brunssum, 48KM from Goch and 74KM from AKH Viersen.

### SHC Pathways

AKH Viersen is a Designated German Provider Hospital and following the closure of RAF Wegberg Hospital in 1996, Secondary Healthcare Services have been provided by AKH Viersen or their nominated partner hospitals / Praxis.

**Elective referrals** for the following specialties will continue to be referred to AKH Viersen and their partners.

A referrals aide memoire is available for Host Nation GPs and will be updated December 2015 to reflect changes to pathways post Dulken Hospital departments transfer to AKH Viersen.

### Emergency Referrals to Hospital

There are a number of hospitals/clinics in the region but the three largest acute care hospitals are:

- Evangelisches Krankenhaus (EVK) Wesel
- Marienhospital Wesel
- St Vinzenz Wesel (day clinic) and Dinslaken (main hospital)

### **Overview of Clinical Services:**

- Obstetrics/Neonates/Paediatrics - Marienhospital and St Vinzenz are both Peri-natal level II Centres with Neonatal ICU beds. EVK does not have facilities for Obstetrics or Paediatrics.
- Adult Intensive Care - All three hospitals host A&E with adult intensive care units.
- Orthopaedic/Trauma Surgery - All three hospitals host Trauma surgery facilities.
- Cancer Care - All three hospitals offer a programme for investigation and treatment of Cancer (including Breast Cancer) and all three hospitals have access to specialized centres of excellence in cancer care.
- Dermatology is available via community Praxis in Wesel

SFA Regions are not known, the following are distances between HQ NATO Signal Brigade, Schill Kaserne, Bochholter Strasse and the main acute care hospitals;

|                                       |        |
|---------------------------------------|--------|
| EVK to NATO Signal Brigade            | 7.1KM  |
| St Vinzenz to NATO Signal Brigade     | 20.1KM |
| Marienhospital to NATO Signal Brigade | 5.5KM  |

Distances between hospitals:

|                       |       |
|-----------------------|-------|
| EVK to Marienhospital | 3.7KM |
|-----------------------|-------|

|                              |        |
|------------------------------|--------|
| EVK to St Vinzenz            | 16.7KM |
| Marienhospital to St Vinzenz | 15KM   |
